Independent Auditor's Report and Financial Statements

December 31, 2021, 2020, and 2019

Independent Auditor's Report

Council of Bishops and Board of Directors
The International Pentecostal Holiness Church
Extension Loan Fund, Inc.
Bethany, Oklahoma

Opinion

We have audited the financial statements of The International Pentecostal Holiness Church Extension Loan Fund, Inc., which comprise the statements of financial position as of December 31, 2021, 2020, and 2019, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The International Pentecostal Holiness Church Extension Loan Fund, Inc. as of December 31, 2021, 2020, and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United State of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The International Pentecostal Holiness Church Extension Loan Fund, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The International Pentecostal Holiness Church Extension Loan Fund, Inc.'s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The International Pentecostal Holiness Church Extension Loan Fund, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The International Pentecostal Holiness Church Extension Loan Fund, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements

December 31, 2021, 2020, and 2019

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

The International Pentecostal Holiness Church Extension Loan Fund, Inc. (the “Fund”) was incorporated in Oklahoma as a not-for-profit corporation by the predecessor to the International Pentecostal Holiness Church (the “Church”). The Fund was established on January 21, 1958, for the purpose of raising and loaning money to local churches, regional conferences, and other affiliates of the Church to assist in financing capital improvement projects, including the construction of new church facilities and the purchase or remodeling of existing church facilities. The Fund is a not-for-profit corporation which is organized and operates as a separate legal entity distinct from the Church. The Fund is supervised and directed by a Board of Directors consisting of the president and six additional members. Of these six members, at least four are required to be lay persons experienced in the fields of banking and mortgage finance. The additional six directors of the Fund’s Board serve two-year terms upon nomination by the Executive Committee of the Council of Bishops and ratification by the entire Council of Bishops.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Material estimates that are particularly susceptible to significant change relate to the determination of the allowance for loan losses and the valuation of real estate acquired in connection with foreclosures or in satisfaction of loans. In connection with the determination of the allowance for loan losses and the valuation of foreclosed assets held for sale, management obtains independent appraisals for significant properties.

Cash and Cash Equivalents

Cash and cash equivalents includes funds held in banks for operating purposes and investments held in FDIC deposits. Funds invested in temporary investments are not considered cash equivalents. At December 31, 2021, the Fund’s cash accounts exceeded federally insured limits by approximately \$6,056,000.

Interest-Bearing Time Deposits in Banks

Interest-bearing time deposits in banks mature within one year and are carried at cost.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Investments

The Fund measures investments, other than investments that qualify for the equity method of accounting, at fair value. Investments in real estate investment trusts are recorded at net asset value (NAV), as a practical expedient, to determine fair value of the investments. The investment in the real estate investment trust (REIT) may be requested to be redeemed by the REIT, however redemption is at their discretion.

The Fund measures equity securities without a readily determinable fair value at cost, minus impairment, if any, plus or minus changes resulting from observable price changes for the identical or a similar investment.

For equity securities measured under the practicability exception, the Fund performs a qualitative assessment for equity investments without readily determinable fair values considering impairment indicators to evaluate whether an impairment exists. If an impairment exists, the Fund will recognize a loss based on the difference between carrying value and fair value.

Net Investment Return

Investment return includes dividend, interest, and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, less external and direct internal investment expenses. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method.

Loans

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoffs are reported at their outstanding principal balances adjusted for any charge-offs, the allowance for loan losses, and any deferred fees or costs on originated loans. Generally, these loans are collateralized by first mortgages on the primary buildings and facilities owned by the borrowers.

Interest income is accrued based on the unpaid principal balance. Loan origination fees, net of certain direct origination costs, are deferred and amortized as a level-yield adjustment over the respective term of the loan.

The accrual of interest on loans is generally discontinued at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. Past due status is based on contractual terms of the loan. In all cases, loans are placed on nonaccrual or charged off at an earlier date if collection of principal or interest is considered doubtful. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Allowance for Loan Losses

The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectibility of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of allocated and general components. The allocated component relates to loans that are classified as impaired. For those loans that are classified as impaired, an allowance is established when the discounted cash flows or collateral value of the impaired loan is lower than the carrying value of that loan. The general component covers nonclassified loans and is based on historical charge-off experience and expected loss given default derived from the Fund's internal risk rating process. Other adjustments may be made to the allowance for pools of loans after an assessment of internal or external influences on credit quality that are not fully reflected in the historical loss or risk rating data.

A loan is considered impaired when, based on current information and events, it is probable that the Fund will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan-by-loan basis by either the present value of expected future cash flows discounted at the loan's effective interest rate or the fair value of the collateral if the loan is collateral dependent.

Software and Equipment

Software and equipment are stated at cost less accumulated depreciation. Depreciation is charged to expense using the straight-line method over the estimated useful lives of the assets.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Foreclosed Assets Held for Sale

Assets acquired through, or in lieu of, loan foreclosure are held for sale and are initially recorded at fair value less cost to sell at the date of foreclosure, establishing a new cost basis. Subsequent to foreclosure, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value less cost to sell. Revenue and expenses from operations and changes in the valuation allowance are included in net income or expense from foreclosed assets.

Fixed Rate, Savings, and IRA Certificates

The fixed rate and individual retirement account (IRA) certificates pay interest based on a fixed rate from the date of purchase through maturity. Fixed rate certificates accrue interest monthly and, if originated in 2001 and prior, pay interest semiannually based on the date of the certificate. Fixed rate certificates originated subsequent to 2001 pay interest monthly, quarterly, or semi-annually (at the investor's option). For savings certificates, interest is accrued monthly based on a variable rate and paid or reinvested (at the investor's option) semiannually on June 30 and December 31.

Interest is calculated based on a 365-day year. The Fund does not possess any deposit insurance from a third-party insurer or state or federal deposit insurance agency. The payment of principal and interest on the certificates depends solely upon the financial condition and strength of the Fund. The payment of principal and interest on all certificates is a general obligation of the Fund.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor restrictions.

Net assets without donor restrictions are available for use in general operations and not subject to donor restrictions. The governing board has at times designated, from net assets without donor restrictions, net assets for a Board-designated purpose.

Functional Allocation of Expenses

Functional expenses (*Note 11*) presents the natural classification detail of expenses by function. Certain costs have been allocated between the program and supporting services based on usage and other methods.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Exemption from Income Taxes

The Fund is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code as provided by a group letter ruling issued to the Church from the Internal Revenue Service and a similar provision of state law. However, the Fund is subject to federal income tax on any unrelated business taxable income.

Paycheck Protection Program (PPP) Loan

The Fund received a PPP loan established by the CARES Act during 2020 and elected to account for the funding as a loan in accordance with ASC Topic 470, *Debt*. Interest is accrued in accordance with the loan agreement. Any forgiveness of the loan is recognized as a gain in the financial statements in the period the debt is legally released. PPP loans are subject to audit and acceptance by the U.S. Department of Treasury, Small Business Administration, or lender; as a result of such audit, adjustments could be required to any gain recognized. The entire balance of the loan was forgiven during 2020 and was recorded as other revenue in the statement of activities.

Changes in Accounting Principles

In 2019, the Fund adopted the Financial Accounting Standards Board Accounting Standards Update 2014-09, *Revenue from Contracts with Customers* (Topic 606). Topic 606 creates a single framework for recognizing revenue from contracts with customers that fall within its scope and revised when it is appropriate to recognize a gain (loss) from the transfer of nonfinancial assets, such as real estate owned. The majority of the Fund's revenues come from interest income and other sources, including loans and investments, that are outside the scope of Topic 606. The Fund's services that fall within the scope of Topic 606 are presented within other revenue in the accompanying statements of activities and are recognized as revenue as the Fund satisfies its obligation to the customer. Services within the scope of Topic 606 include the sale of foreclosed assets and other miscellaneous revenue. Revenue for these transactions are recognized at a point in time.

The Fund adopted Topic 606 using the modified retrospective approach applied to all contracts not completed at the date of adoption with the cumulative effect of initially applying the new standard of \$79,424 recognized in net assets without donor restrictions, at the beginning of 2019.

Comparative prior period information has not been adjusted and continues to be reported in accordance with previous revenue recognition guidance in ASC Topic 605, *Revenue Recognition*.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Note 3: Loans Receivable and Allowance for Loan Losses

Classes of loans at December 31, 2021, 2020, and 2019, include:

	2021	2020	2019
Loans secured by real estate	\$ 33,789,573	\$ 33,641,720	\$ 34,850,092
Other loans	4,254,211	2,686,751	3,195,741
	38,043,784	36,328,471	38,045,833
Net deferred loan fees	(224,655)	(210,865)	(141,455)
Allowance for loan losses	(1,055,150)	(1,281,824)	(988,029)
	\$ 36,763,979	\$ 34,835,782	\$ 36,916,349

Loans secured by real estate are primarily to churches for the purposes of construction or purchase of church facilities and are secured by real property. Other loans are substantially all secured by certificate balances on hand.

At December 31, 2021, scheduled maturities of loans are as follows:

2022	\$ 7,353,507
2023	11,169,560
2024	11,479,649
2025	1,778,600
2026	728,777
Thereafter	5,533,691
	\$ 38,043,784

The following tables present the Fund's loan portfolio aging analysis of the investment in loans as of December 31, 2021, 2020, and 2019:

	2021						Total Loans > 90 Days & Accruing
	30-59 Days Past Due	60-89 Days Past Due	Greater Than 90 Days	Total Past Due	Current	Total Loans Receivable

Impaired loans include nonperforming loans but also include loans modified in troubled debt restructurings where concessions have been granted to borrowers experiencing financial difficulties. These concessions could include a reduction in the interest rate on the loan, payment extensions, forgiveness of principal, forbearance, or other actions intended to maximize collection.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

The following summarized impaired loans at December 31, 2021, 2020, and 2019:

	2021				
	Recorded Balance	Unpaid Principal Balance	Specific Allowance	Average Investment in Impaired Loans	Interest Income Recognized
Loans without a specific valuation allowance					
Loans secured by real estate	\$ 617,712	\$ 617,712	\$ -	\$ 553,833	\$ 43,071
Other loans	720,811	720,811	-	360,406	33,027
Loans with a specific valuation allowance					
Loans secured by real estate	3,431,443	3,431,443	722,411	3,734,823	163,677
Other loans	-	-	-	361,239	-

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

	2019				
	Recorded Balance	Unpaid Principal Balance	Specific Allowance	Average Investment in Impaired Loans	Interest Income Recognized
Loans without a specific valuation allowance					
Loans secured by real estate	\$ 1,798,358	\$ 1,798,358	\$ -	\$ 1,677,018	\$ 97,682
Other loans	722,478	722,478	-	722,478	18,117
Loans with a specific valuation allowance					
Loans secured by real estate	3,860,650	3,860,650	589,629	3,374,766	240,130
Total impaired loans	\$ 6,381,486	\$ 6,381,486	\$ 589,629	\$ 5,774,262	\$ 355,929

As part of the ongoing monitoring of the credit quality of the Fund's loan portfolio, management tracks loans by determining if the loan is impaired or deemed unimpaired. Impaired loans by category are shown above; all other loans are considered by management to be unimpaired.

The Fund evaluates the loan risk grading system definitions and allowance for loan loss methodology on an ongoing basis. No significant changes were made to either during the past year.

Included in the impaired loans are troubled debt restructurings that were classified as impaired. At December 31, 2021, 2020, and 2019, the Fund had approximately \$3,914,000, \$4,645,000, and \$3,975,000, respectively, of loans that were modified in troubled debt restructurings and impaired. The Fund uses forbearance agreements with some borrowers, allowing for reduced payments, which are included in this troubled debt restructuring total. During 2021, there were no newly restructured real estate loans. Of the total troubled debt restructurings at December 31, 2021, four were accruing interest for a total of approximately \$3,538,000. During 2020, there were four newly restructured real estate loans totaling \$1,844,000. Of the total troubled debt restructurings at December 31, 2020, seven were accruing interest for a total of approximately \$3,551,000. During 2019, there were three newly restructured real estate loans totaling \$2,088,498. Of the total troubled debt restructurings at December 31, 2019, five were accruing interest for a total of approximately \$2,818,000. When loans modified as troubled debt restructuring have subsequent payment defaults, the defaults are factored into the determination of the allowance for loan losses to ensure specific valuation allowances reflect amounts considered uncollectible.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Note 4: Software and Equipment

Software and equipment, stated at cost, is as follows:

	2021	2020	2019
Software and equipment	\$ 226,442	\$ 197,149	\$ 193,468
Less accumulated depreciation	196,082	183,030	165,132
Software and equipment, net	\$ 30,360	\$ 14,119	\$ 28,336

Note 5: Certificates

At December 31, 2021, the scheduled maturities of certificates are as follows:

2022	\$ 19,157,932
2023	8,070,022
2024	4,705,038
2025	5,857,197

Note 6: Line of Credit

On March 20, 2020, the Fund entered into an agreement for a \$1,000,000 line of credit secured by a deposit account. The line of credit had a variable interest rate using a rate of 2.00 percent over the index, resulting in an initial rate of 3.637 percent. The balance at December 31, 2020, was zero. The line of credit matured on March 20, 2021, and was not renewed.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Note 7: Commitments and Credit Risk

Commitments to Originate Loans

Commitments to originate loans are agreements to lend to a borrower as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since a portion of the commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. Each borrower's creditworthiness is evaluated on a case-by-case basis. The amount of collateral obtained, if deemed necessary, is based on management's credit evaluation of the counterparty. Collateral held varies, but typically includes real estate owned by churches and nonprofit organizations.

The Fund had outstanding commitments to originate loans and fund construction loans aggregating approximately \$281,000, \$1,675,000, and \$230,000 at December 31, 2021, 2020, and 2019, respectively. The commitments extended over varying periods of time with the majority to be disbursed within a one-year period.

The Fund guaranteed a letter of credit for a loan customer that was issued by a third-party bank. At December 31, 2019, the guarantee had a maximum amount of \$773,004 and expired on December 31, 2019, when the collateral securing the guarantee was released. The Fund had no guarantees outstanding as of December 31, 2021 and 2020.

Credit Risk

The Fund's loans are made exclusively to churches, conferences, and other affiliates of the Church. The vast majority of loans are made to churches. The repayment of loans by churches may affect the Fund's ability to meet its obligations. In most instances, the ability of churches to repay their loans will depend upon the contributions they receive from their members. Both the number of members of a church and the amount of contributions may fluctuate. In addition, a church facility may be a single-purpose building and the marketability of such a specific facility may be limited, potentially diminishing the value of such collateral in the event of foreclosure. Finally, because of the relationship of the Fund with its borrowers, the Fund has in the past been willing under certain circumstances to accommodate late payments or to extend or otherwise modify the terms of a loan. Should borrowers not be able to repay their principal and interest as scheduled, the Fund's ability to make principal and interest payments on its certificates may be impaired.

At December 31, 2021, the Fund had loans to borrowers in the states of Virginia, Florida, and Texas that represented approximately 16 percent, 14 percent, and 10 percent of the gross loan portfolio, respectively. At December 31, 2020, the Fund had loans to borrowers in the states of Texas, Oklahoma, Florida, and Virginia that represented approximately 13 percent, 13 percent, 12 percent, and 11 percent of the gross loan portfolio, respectively. At December 31, 2019, the Fund had loans to borrowers in the states of Texas, Oklahoma, Florida, and Virginia that represented approximately 13 percent, 13 percent, 11 percent, and 11 percent of the gross loan portfolio, respectively.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Impact of COVID-19

In March 2020, COVID-19 coronavirus was identified as a global pandemic and began affecting the health of large populations around the world. As a result of the spread of COVID-19, economic uncertainties arose which can ultimately affect the financial position, results of operations, and cash flows of the Fund as well as the Fund's customers. In response to economic concerns over COVID-19, the Fund extended certain payment modifications to loan customers in need. As of December 31, 2020, three loans, totaling approximately \$1,048,000, received payment modifications during 2020 related to COVID-19 that had not returned to normal repayment status. As of December 31, 2021, all loans have returned to normal repayment status.

During 2020, the Fund received a PPP loan established by the CARES Act totaling \$76,200 and the entire balance was forgiven during 2020. The gain on extinguishment of debt of \$76,200 was recorded as other revenue in the statement of activities for the year ended December 31, 2020.

Note 8: Board-Designated Net Assets

In 2017, the Board of Directors of the Fund established a Board-designated endowment of \$250,000 for the purpose of pastoral development and planting churches. During 2021, 2020, and 2019, distributions were made of \$0, \$0, and \$50,000, respectively, for this purpose. The remaining Board-designated net assets was \$0 for each year ended December 31, 2021, 2020, and 2019.

Note 9: Disclosures About Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021, 2020, and 2019:

	2021			
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Money market mutual funds	\$ 24,389	\$ 24,389	\$ -	\$ -
Mutual funds	7,856,853	7,856,853	-	-
Exchange traded funds	2,268,735	2,268,735	-	-

	2020			
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Money market mutual funds	\$ 56,161	\$ 56,161	\$ -	\$ -
Mutual funds	8,259,807	8,259,807	-	-
Exchange traded funds	1,982,230	1,982,230	-	-

	2019			
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Money market mutual funds	\$ 20,604	\$ 20,604	\$ -	\$ -
Mutual funds	6,474,462	6,474,462	-	-
Exchange traded funds	996,706	996,706	-	-

Following is a description of the inputs and valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2021.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Investments

Where quoted market prices are available in an active market or investments could be redeemed at cost, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments include money market mutual funds, mutual funds, and exchange traded funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. The Fund does not have any investments classified as Level 2 or Level 3.

Investments not measured at fair value, such as certain interest-bearing investments with other loan funds as well as an annuity contract, a closed-in real estate investment trust, and investments in a limited liability company, are not included in this disclosure.

Nonrecurring Measurements

The following tables present the fair value measurement of assets and liabilities measured at fair value on a nonrecurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021, 2020, and 2019:

	2021			
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Impaired loans (collateral dependent)	\$ 1,988,220	\$ -	\$ -	\$ 1,988,220
Foreclosed assets held for sale	468,168	-	-	468,168

	2020			
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Impaired loans (collateral dependent)	\$ 3,933,837	\$ -	\$ -	\$ 3,933,837
Foreclosed assets held for sale	69,750	-	-	69,750

	2019			
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Impaired loans (collateral dependent)	\$ 3,271,021	\$ -	\$ -	\$ 3,271,021

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a nonrecurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets pursuant to the valuation hierarchy. For assets classified within Level 3 of the fair value hierarchy, the process to develop the reported fair value is described below.

Collateral Dependent Impaired Loans, Net of Allowance for Loan Losses

The estimated fair value of collateral dependent impaired loans is based on the appraised or estimated fair value of the collateral, less estimated cost to sell. Collateral dependent impaired loans are classified within Level 3 of the fair value hierarchy.

The Fund considers the appraisal or evaluation as the starting point for determining fair value and then considers other factors and events in the environment that may affect the fair value. Appraisals of the collateral underlying collateral dependent loans are obtained when the loan is determined to be collateral dependent and subsequently as deemed necessary by management. Appraisals are reviewed for accuracy and consistency by management. Appraisers are selected from the list of approved appraisers maintained by management. The appraised values are reduced by discounts to consider lack of marketability and estimated cost to sell if repayment or satisfaction of the loan is dependent on the sale of the collateral. These discounts and estimates are developed by management by comparison to historical results.

Foreclosed Assets Held for Sale

The fair value is estimated using appraisals, comparable sales, and other estimates of value obtained principally from independent sources, adjusted for selling costs. Foreclosed assets held for sale are classified within Level 3 of the valuation hierarchy.

Appraisals of foreclosed assets held for sale are obtained when the real estate is acquired and subsequently as deemed necessary by management. Appraisals are reviewed for accuracy and consistency by management. Appraisers are selected from the list of approved appraisers maintained by management.

Note 10: Significant Estimates and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Estimates related to the allowance for loan losses and foreclosed assets are reflected in *Notes 1* and *3*. Current vulnerabilities due to certain concentrations of credit risk are discussed in *Note 7*.

Borrower Concentrations

At December 31, 2021, 2020, and 2019, no borrowers had an outstanding balance greater than 5 percent of total assets.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements
December 31, 2021, 2020, and 2019

Investments in Marketable Securities

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying statements of financial position.

Note 11: Functional Expenses

As described in *Note 1*, the financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and benefits, professional fees, pastoral development and planting churches, and other, which are allocated on the basis of estimates of time and effort. The tables below present expenses by both their nature and function.

Natural Classification	December 31, 2021		
	Functional Classification		
	PROGRAM		
	Lending and	Management

Interest receivable	82,762	103,322	145,550
Scheduled loan principal amounts due in the next year	7,388,365	9,638,150	10,244,882
Total financial assets	25,374,659	28,297,239	23,752,566
Internal designations			
Commitments to fund loans	(281,000)	(1,675,000)	(230,000)
Internal liquidity policy of 10% of liabilities	(4,641,715)	(4,666,884)	(4,453,140)
Financial assets available to meet cash needs for general expenditures within one year	\$ 20,451,944	\$ 21,955,355	\$ 19,069,426

The Fund's management has adopted a policy requiring the Fund to maintain, at all times, cash, certificates of deposit, and investments equal to at least 10 percent of the Fund's principal balance on all outstanding obligations, including the certificates. At December 31, 2021, 2020, and 2019, the Fund held cash and investments equal to 40 percent, 41 percent, and 31 percent, respectively, of its outstanding obligations.

The Fund owes \$4,759,398 in principal to holders of certificates with no stated maturity and \$19,157,932 in certificates that mature in 2022. See *Note 5* for the scheduled maturities of all certificates.

A portion of the certificates have a maturity of greater than one year. It has been the Fund's experience that a majority of its maturing obligations have been extended or reinvested. To the extent that demands for repayment of certificates at maturity exceed prior experience and to the extent that the availability of funds from sources other than liquid investments is reduced or limited, the Fund's financial condition may be adversely affected.

The International Pentecostal Holiness Church Extension Loan Fund, Inc.

Notes to Financial Statements December 31, 2021, 2020, and 2019

Note 13: Related Party Transactions

The Fund has various investments held in brokerage or other accounts managed by the Foundation, a related party, totaling \$2,988,522, \$3,830,842, and \$3,620,038 at December 31, 2021, 2020, and 2019, respectively. Investment return on these investments was \$178,928, \$232,113, and \$226,904 for the years ended December 31, 2021, 2020, and 2019, respectively.

At December 31, 2021, 2020, and 2019, the Fund held \$6,983,545, \$7,071,786, and \$7,002,703 of certificates, respectively, for the Church and the Foundation. Interest paid on these certificates was \$109,426, \$145,811, and \$127,655 for the years ended December 31, 2021, 2020, and 2019, respectively.

The Fund leases its office space from an affiliate. The lease is classified as an operating lease and provides for minimum annual rent of \$6,000. The lease is on a month-to-month agreement.

Note 14: Subsequent Events

Subsequent events have been evaluated through May 13, 2022, which is the date the financial statements were available to be issued.
